# Agenda

---

- I     What are your options after you completed your PhD?
- II    What are your options if you (maybe) want to stay in academia?
- III   How does KIT support your career after the PhD?

# About KHYS

- Founded in 2007 in the context of the “Initiative for Excellence”
- Central service unit
- Allocated to Vice President Higher Education and Academic Affairs

## Target groups

- Doctoral candidates
- Postdocs
- Those interested in doing a PhD at KIT
- Supervisors
- Coordinators of doctoral programs

# KHYS — overview of tasks

## Information and advice

- Doing a doctorate at KIT
- Funding
- Handling of external funding & awards
- KHYS network

## Support and promotion

- Internationalization & networking**
  - Research Travel Grant
  - Networking Grant
  - Internationalization Program
- Further education & career service**
  - Interdiscipl. further education
  - KHYS Foyergespräche
  - KIT PhD Days
- Proactive behavior and self reliance**
  - KIT PhD Symposium

## Quality management

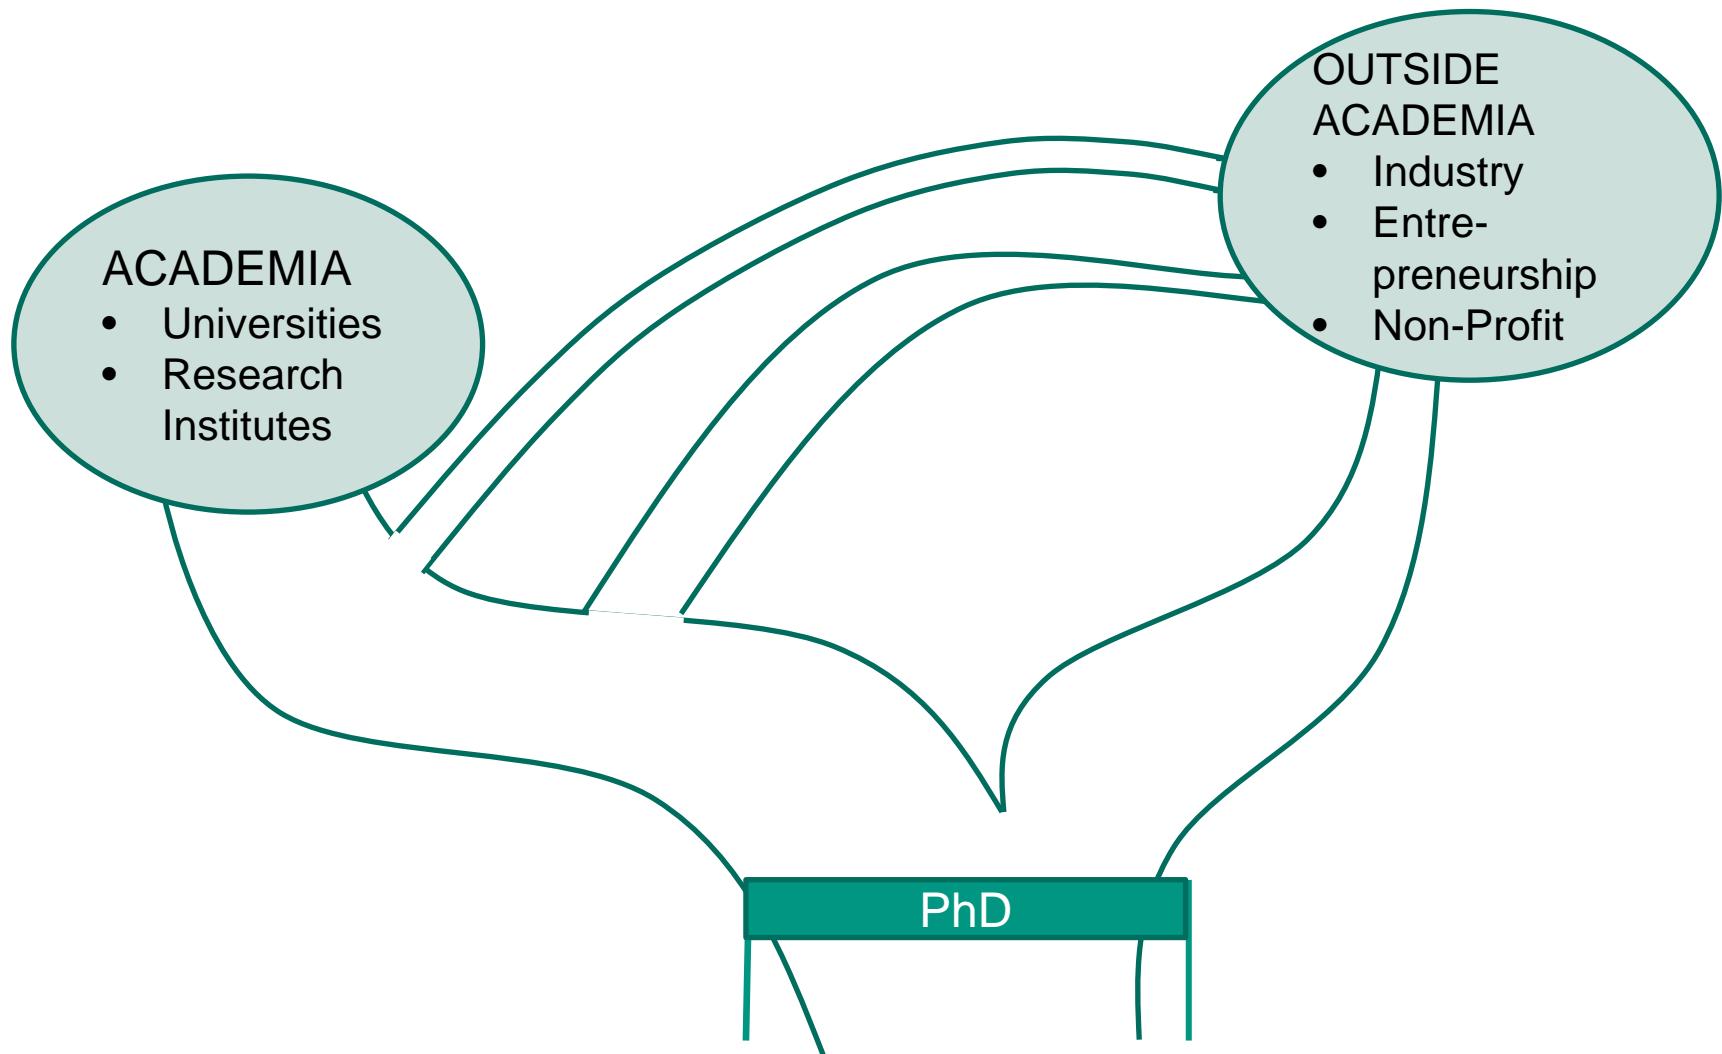

- Doctoral researcher survey
- Registration of doctoral researchers
- PhD quality standards
- Support and networking for doctoral programs
- Best practices
- Standards for supervision
- Improvement of administrative processes for doctoral researchers

# The Pro's and Con's of Staying in Academia (IV)

# The Pro's and Con's of Staying in Academia (IV)

Max Weber: [...] The question whether [...] an assistant, will ever succeed in moving into the position of a full professor or even become the head of an institute [...] is simply a hazard. Certainly, chance does not rule alone, but it rules to an unusually high degree. I know of hardly any career on earth where chance plays such a role.

## II What are your options if you (maybe) want to stay in academia?

# The three most typical paths for staying in academia

# The ultimate prize: A full professorship

► Still the only way of staying permanently in German academia

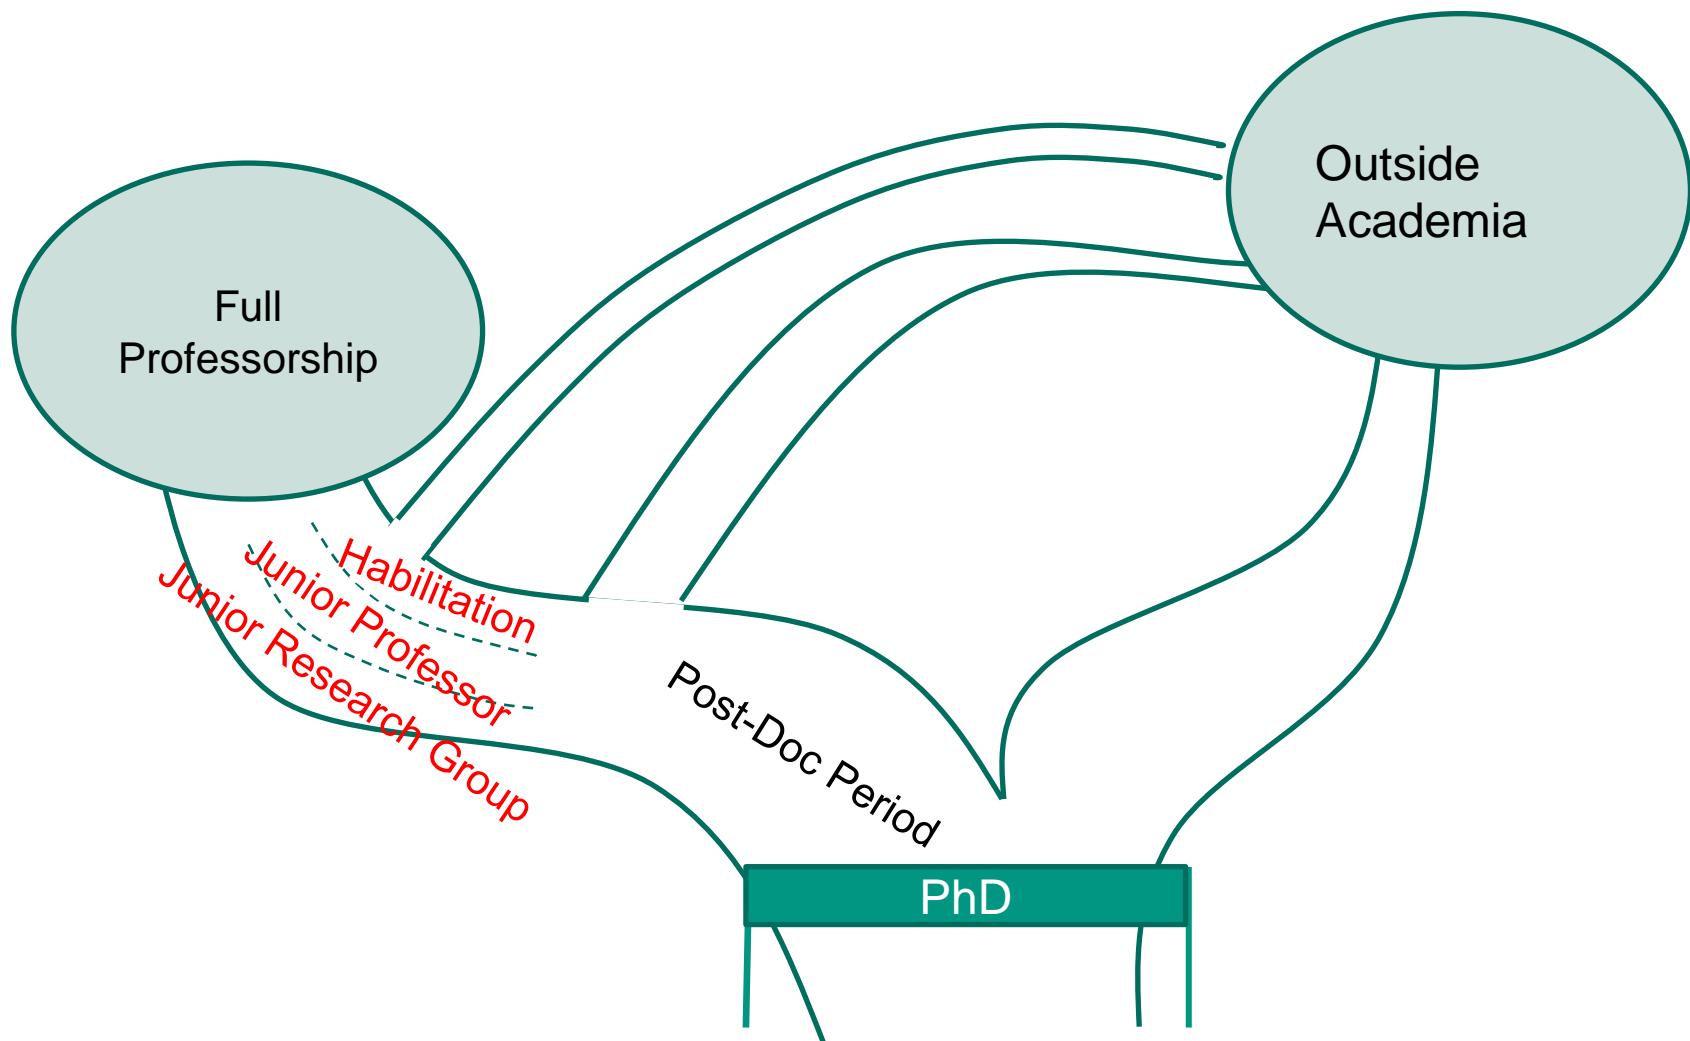

## ► Responsibilities

- Research
- Teaching (9 SWS)
- Supervision and Exams
- Contribution to academic self-administration

## ► Requirements

Formal	Essential	Valueable
<ul style="list-style-type: none"><li>• University degree</li><li>• Proficiency in research and teaching</li><li>• Academic achievements</li></ul>	<ul style="list-style-type: none"><li>• Significant Publications</li><li>• Grants</li><li>• Networks</li><li>• Mobility</li></ul>	<ul style="list-style-type: none"><li>• Strategic Fit</li><li>• Project Management Experience</li><li>• Innovative research agenda</li></ul>

# Paths to a professorship

# The traditional (and still most common) path to a professorship: The Habilitation

---

- ▶ Highest-order exam at German universities
- ▶ Exam includes
  - Habilitation treatise (or equivalent proof of research) (i.e. a second dissertation)
  - Lecture followed by colloquium
  - Course
- ▶ Significance for later appointments varies across disciplines
- ▶ Funding:
  - ▶ Assistent position (Institute or research project)
  - ▶ Third-party grants (see below)

# Alternative paths to a professorship (I): The „Junior Professorship“ (Juniorprofessur)

- Since 2002
- Intention: alternative route to full professorship (instead Habilitation) through independent research and teaching
- Responsibilities mostly equivalent to full professors but ...
  - Limited contract (max. 6 years, mid-term evaluation)
  - Smaller salary
- Facts:
  - ca. **1.440** Juniorprofessuren (Germany, 2012)
  - KIT: **15** Juniorprofessuren (2014)
  - Conditions vary between states / universities
  - **1/3** of all Junior Professors habilitate in parallel

# Funding

---

- University positions
- Third Party Grants:
  - Carl-Zeiss-Stiftung (Carl-Zeiss-Juniorprofessur)
  - Volkswagen Stiftung (Lichtenberg-Professur)

# Alternative paths to a professorship (II): Leading a Junior Research Group

---

## ► **Junior Research Group (JRG):**

- ▶ independent research unit led by a researcher with a PhD
- ▶ autonomous budget

## ► **Head of JRG:**

- ▶ managerial responsibilities
- ▶ research (but no teaching)
- ▶ limited contract

## ► **Facts:**

- ▶ Germany 550 JRGs

# Funding for JRGs

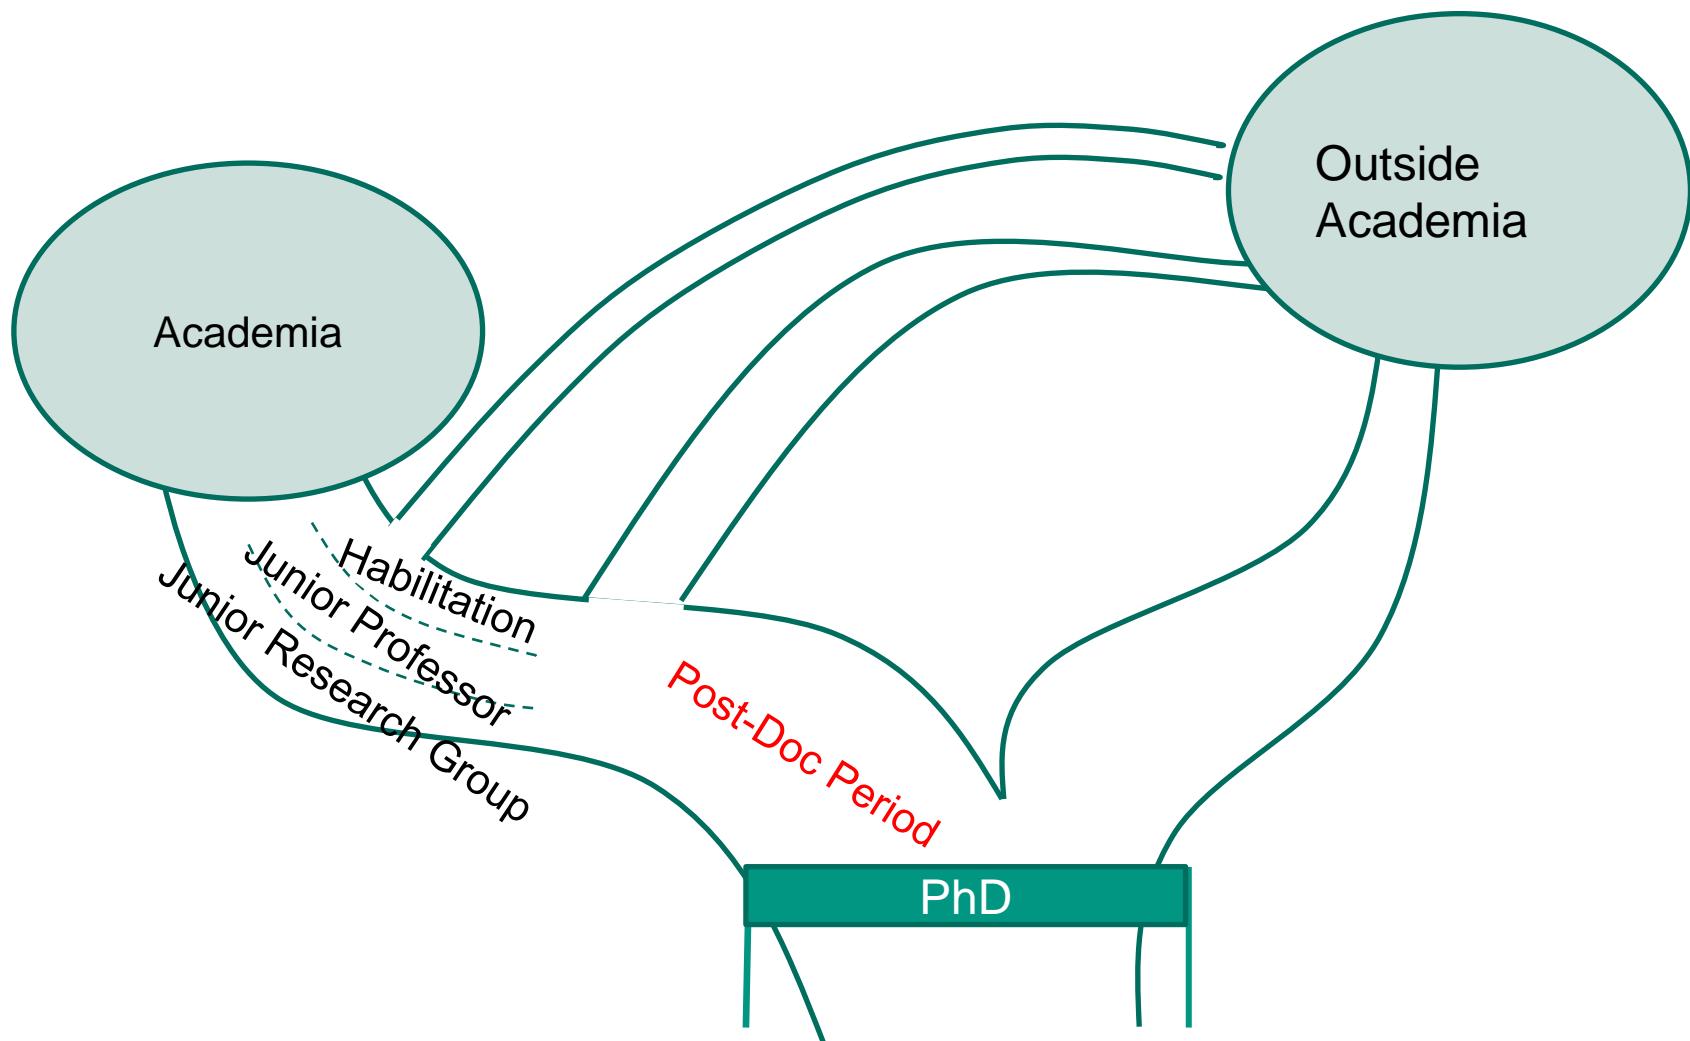

## ■ Emmy Noether-Programm (DFG)

- most important funding instrument (2/3 of all German JRGs)
- **Eligibility:** 2 - 4 years after completion of PhD
- **Funding (modules):** Position, overheads, assistants, workshops, international collaboration (Mercator-Fellow), marketing
- **Length of Funding:** 5 – 6 years
- **Rolling applications**

## ■ ERC Starting Grants

- **Eligibility:** 2-7 years after completion of PhD
- **Funding:** max. € 1.5 Mio
- **Length of Funding:** max. 5 years
- **Annual calls**

# The runway for an academic career: The Postdoc period

# What is a Post-Doc?

- 
- ▶ **General meaning:** period after PhD
- ▶ **KIT:** Transitional period ( $t= 3$  years) for the purpose of professional orientation

„KIT 2025“: At KIT, the status of a Post-Docs is principally limited to **three years** in total. Up to this point the latest, it will be **settled** how the **individual's career** will progress (i.e. inside or outside the KIT, as a Junior Professor, as a head of a Junior Research Group, with a Habilitation, within a research project, or a permanent position within the KIT).

# What should the strategic Post-Doc do?

---

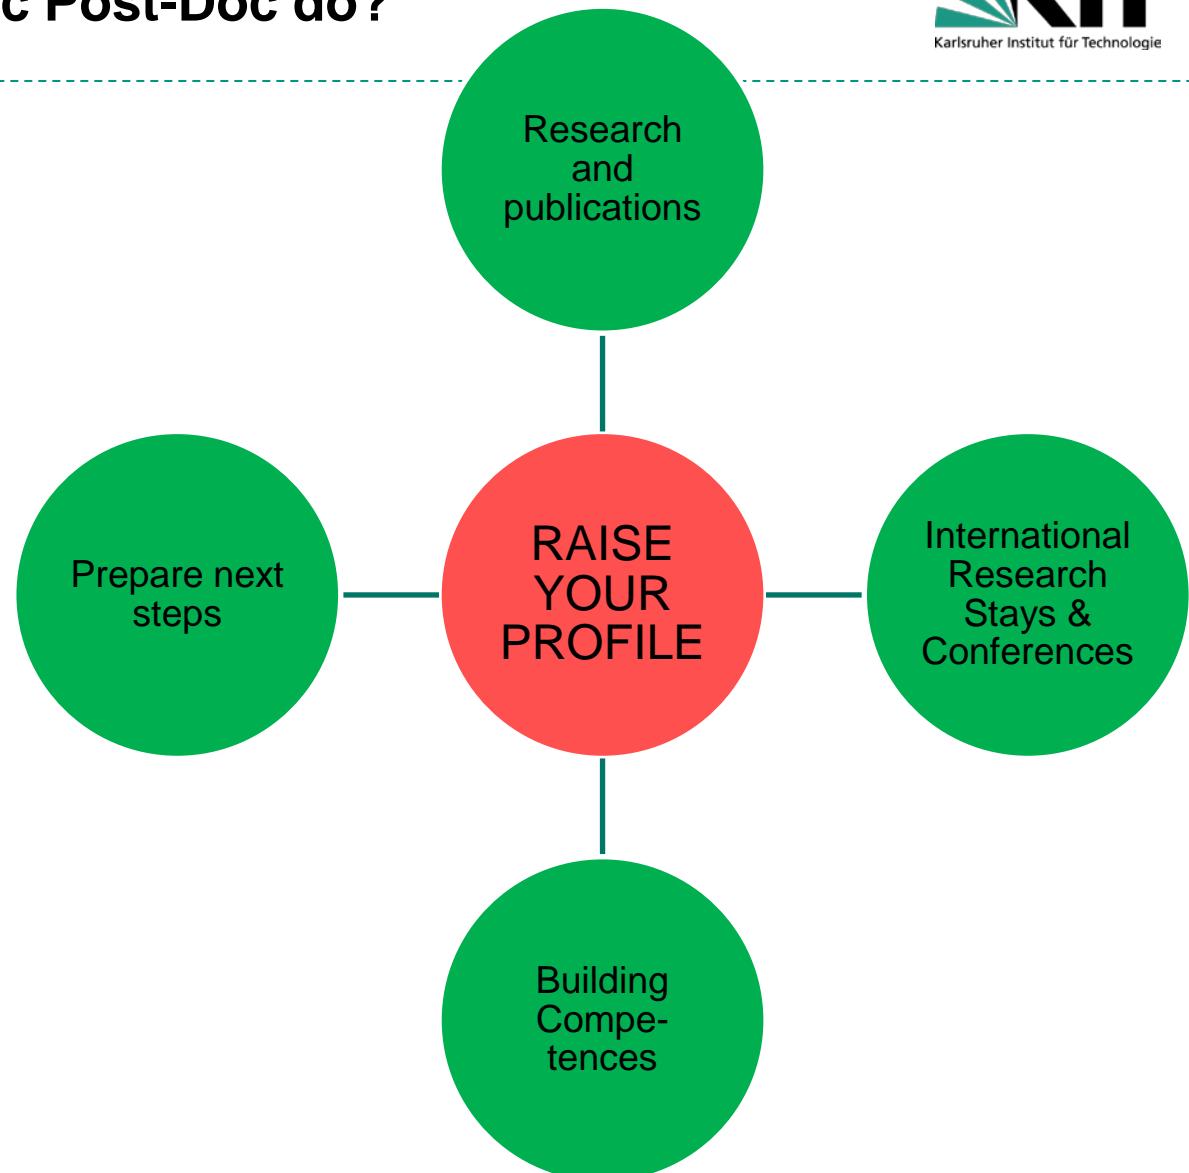

(De facto)  
requirements for  
professorships:

- Significant publications
- Grants
- Networks
- Mobility
- Project Management Experience

# What should the strategic Post-Doc do?

(De facto)  
requirements for  
professorships:

- Significant publications
- Grants
- Networks
- Mobility
- Project Management Experience

# Funding instruments for the Post-Doc period (I)

## ► Principal Options:

- ▶ (Short-term) employment as an assistant at institutes or within research projects
  - Please note: state-funded positions are cumulatively **limited to six years** by current law!
- ▶ Third-party grants

## ► Third Party Grants *including* position

- ▶ Deutsche Forschungsgemeinschaft (DFG)
  - ▶ „Sachbeihilfe“ (Position, Assistents, Workshops etc)
- ▶ Helmholtz-Gemeinschaft („Post-Doc Programm“)
- ▶ European Research Council (ERC Starting Grant)
- Carl-Zeiss-Förderprogramm für Postdoktoranden
- Projektförderung für Postdoktoranden der Fritz Thyssen-Stiftung
- Stipendium für jüngere Postdocs der Fritz Thyssen-Stiftung
- Freigeist-Fellowships der VolkswagenStiftung
- Evonik Stiftung – Evonik Stipendien
- Fonds der Chemischen Industrie - Liebig Stipendium

# Funding instruments for the Post-Doc period (II)

---

## ► Third Party Grants *excluding* position

- ▶ Stipendienprogramm für Postdoktoranden (Daimler und Benz Stiftung)
- ▶ Ministerium für Wissenschaft, Forschung und Kunst Baden-Württemberg (MWK)  
(Eliteprogramm)

# Funding instruments for Post-Doc period (III)

---

## ► International Mobility

- ▶ DAAD - Postdoctoral Researchers International Mobility Experience (P.R.I.M.E.)  
(Bewerbungsschluss: 31. März 2014)
- ▶ Deutsche Akademie der Naturforscher Leopoldina – Leopoldina-Postdoc-Stipendium
- ▶ Alexander von Humboldt-Stiftung: Feodor Lynen-Forschungsstipendium

## ► Promotion of young female scientists

- Margarete von Wrangell-Habitationsprogramm (MWK)
- Internationale UNESCO-L'Oréal-Stipendien „For Women in Science“
- UNESCO-L'Oréal-Förderprogramm für Wissenschaftlerinnen mit Kindern

# Examples of Post-Doc Funding Instruments (I)

## •

### ► „Helmholtz-Postdoc-Programm“

**Eligibility:** Postdocs bis max. 1 Jahr nach Promotion

**Funding:** bis zu 100.000 EUR/Jahr (für max. 3 Jahre)

**Call / Deadline:** tba (May/June)

#### **Requirements:**

- Application together with KIT-scientist/professor
- Matching Funds
- Pre-selection by KIT
- Research stay abroad expected

## Examples of Post-Doc Funding Instruments (II)

---

► Eliteprogramm für Postdoktoranden der BW-Stiftung

**Eligibility:** Postdocs

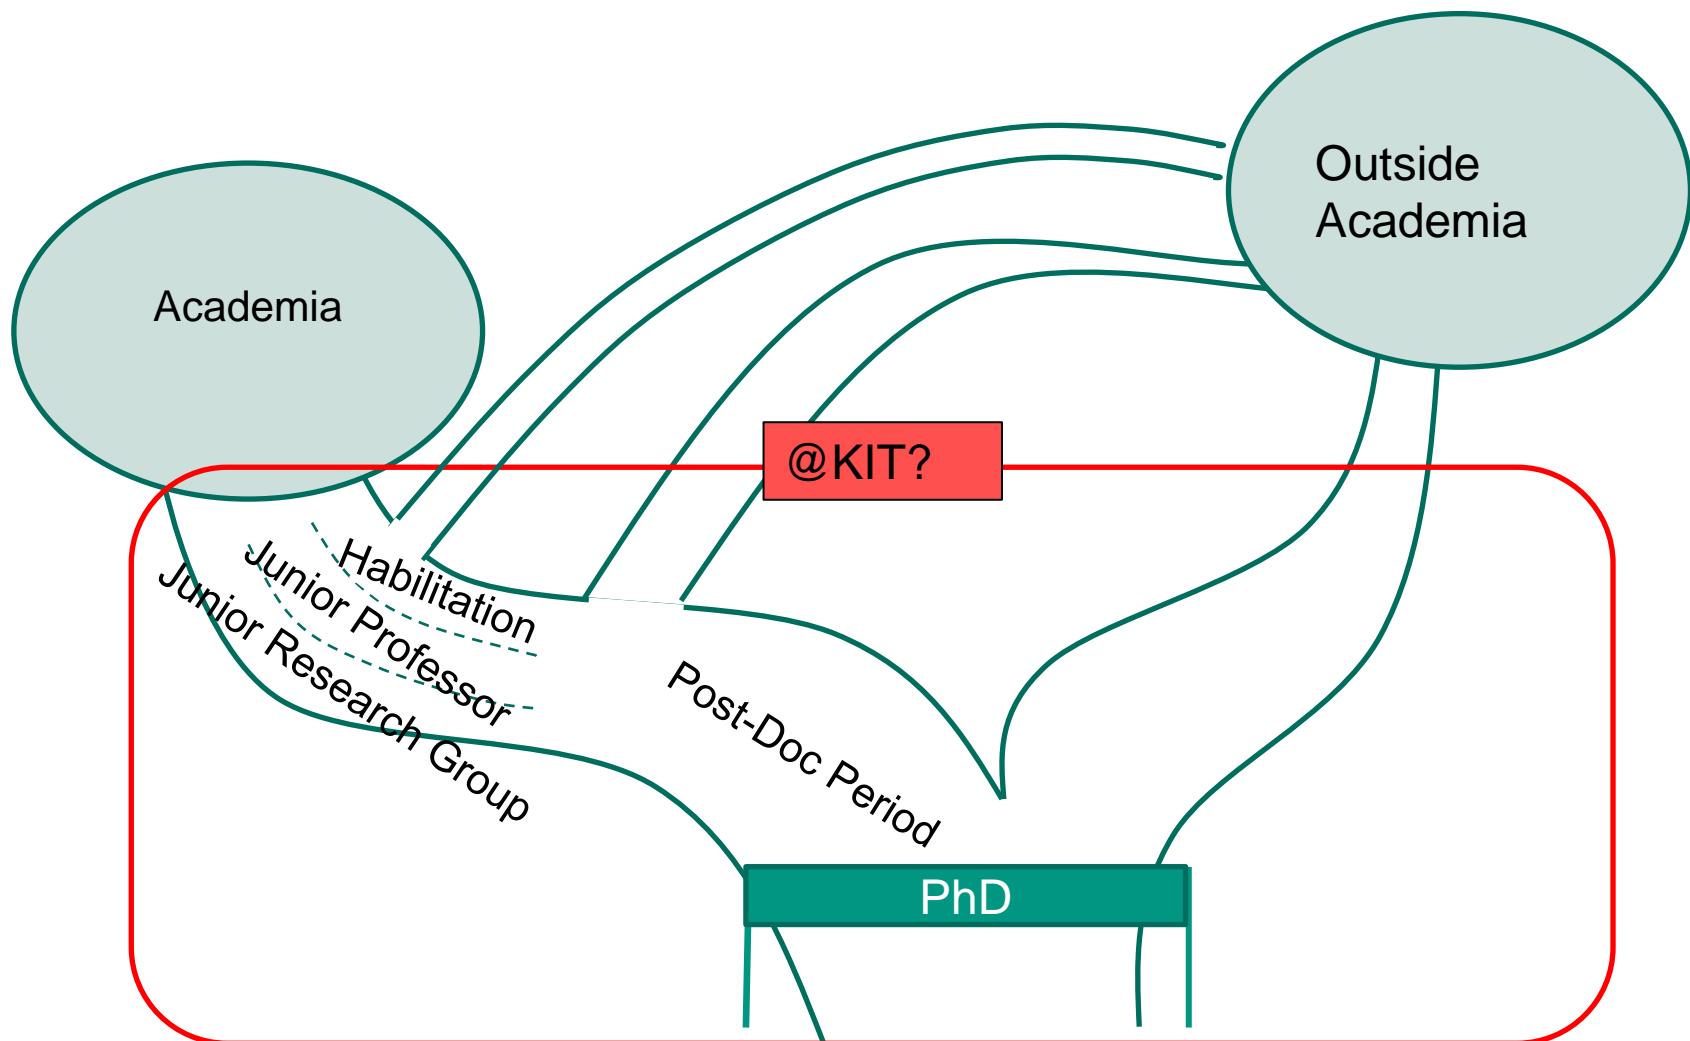

**Funding:** 100.000 EUR for two years (but not usable for position);

**Call/Deadline:** tba (May)

**Requirements:**

- Innovative research program
- Matching Funds (position funded by KIT, 10% of grant sum)
- Pre-selection by KIT
- Center of (working) life in Baden-Württemberg

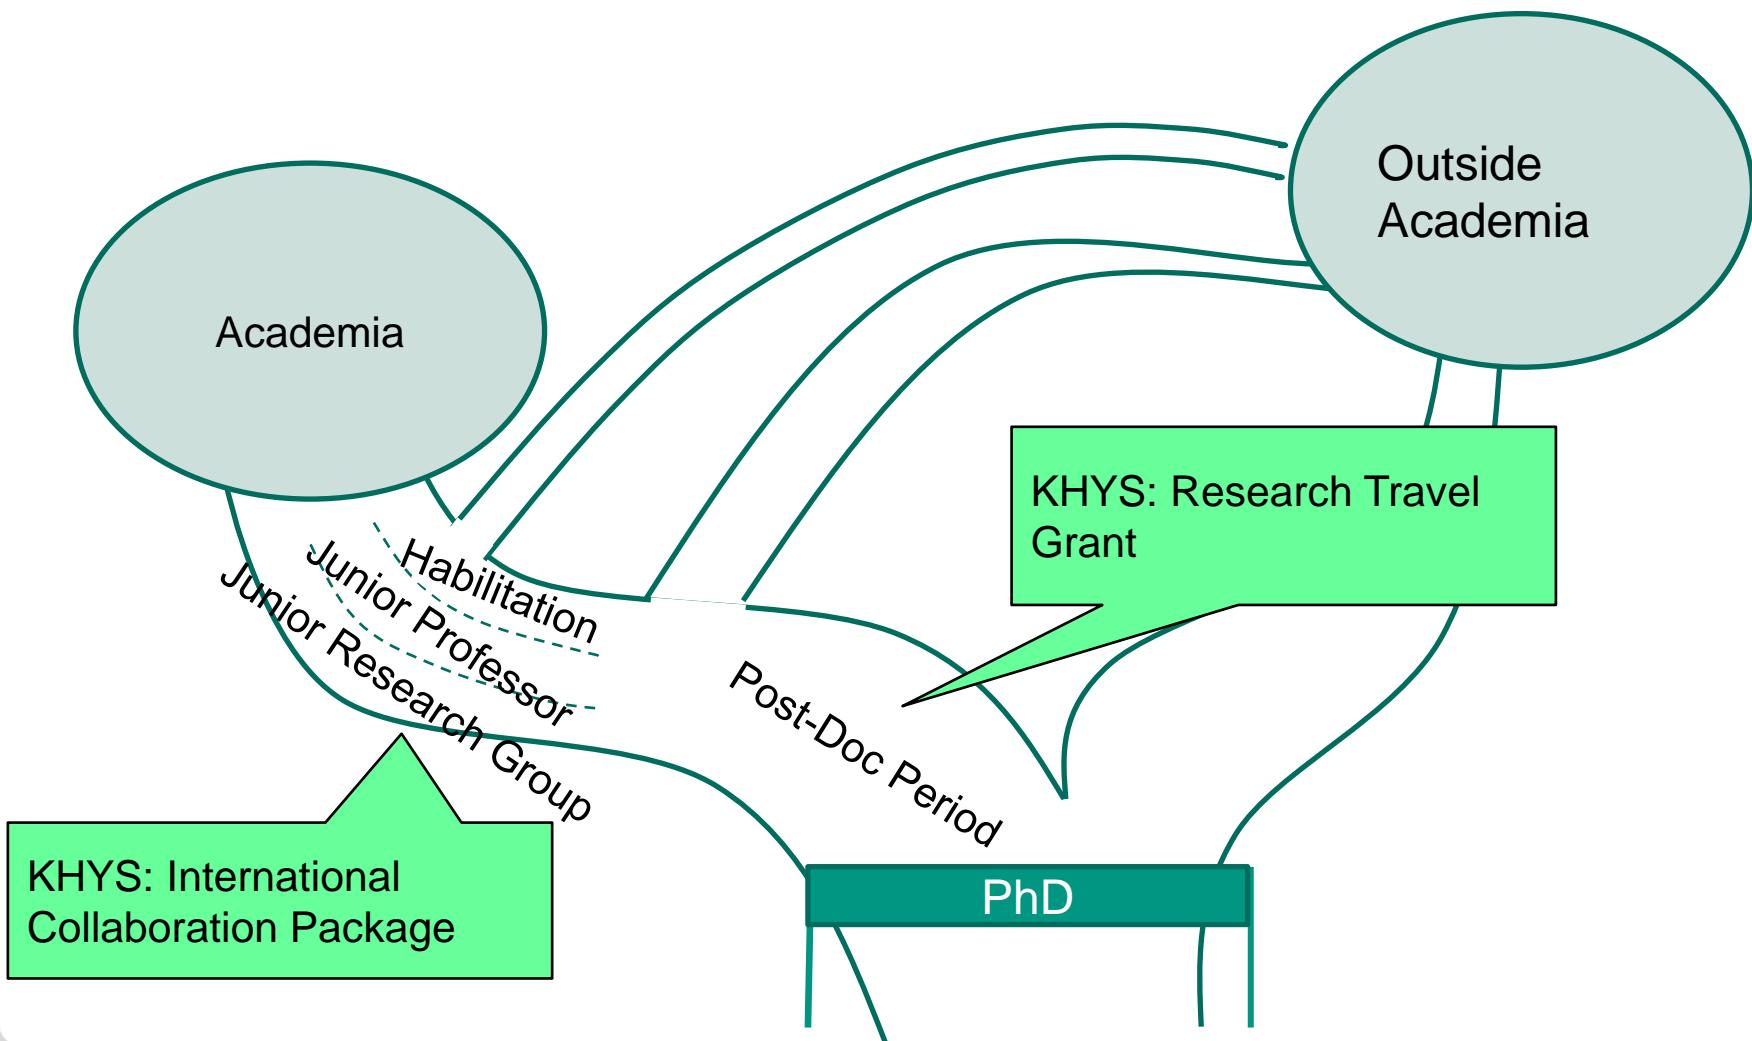

# III How does KIT support your career after the PhD?

# Information and advice for your career

UNIT	WHAT	CONTACT
KHYS	General career and funding options	jana.schmitt@kit.edu
PEBA	Self-assessment, Mentoring	katrin.klink@kit.edu

# Funding for your international activities

# KHYS Research Travel Grant

## Objective

- ▶ Research stay abroad
- ▶ 3-6 months

## Target group

- ▶ Doctoral researchers
- ▶ Postdocs

## Type of funding

- ▶ Financial support (travel and living expenses)

## Requirements

- ▶ Continued employment by the KIT institute/work group during the stay abroad

# Internationalization Program (KHYS) (I)

## International Collaboration Package

### Objective

- ▶ Promote the mobility and networking of doctoral researchers and sustainably establish these
- ▶ Intensification of international collaboration

### Target group

- ▶ KIT doctoral researchers
- ▶ Heads of certified KIT Junior Research Groups

### Type of funding

- ▶ Maximum of €12,000 per package

**DAAD**

Deutscher Akademischer Austausch Dienst  
German Academic Exchange Service

# Internationalization Program (KHYS) (II)

## International Collaboration Package

One or several of the three modules can be selected  
(focus on Module 3)

- ▶ **Module 1:** Strategic meetings at the cooperation partner's organization
  - Travel and subsistence expenses for up to two KIT scientists for a period of up to five days
- ▶ **Module 2:** Sounding-out meetings at KIT
  - Catering costs for these meetings
- ▶ **Module 3:** Short term stays of KIT doctoral researchers at the cooperation partner (2-6 weeks)
  - Travel and subsistence expenses
