TRANSITION: POSSIBLE
RECRUITING POSTDOCS IN INDUSTRY

TAKE HOME MESSAGES
- Be open, self-believe, and use the power of networking.
- If it's not a good fit, it's okay to leave.

First steps to take if you want a job in 6 months:
1. Send us an application.
2. Have your LinkedIn profile up and ready.
3. Do an introduction.

Recruiters also look for keywords.
A recruiter takes 30 seconds to look at a CV.

Data Scientists
- Airbus
- It starts with you.
- You're excellent.
- Be confident.
- Try to understand the company culture.

Process takes 6-8 weeks.
- Assessment Center
- Application process
- Interview
- Process takes 6-8 weeks.
- Round 1
- Round 2
- Round 3
- Both is possible.

Positions
- A variety of jobs along the product life cycle.
- We're looking for great minds, not particular positions.
- Have you profiled up to date?
- Also add what you're doing, not only positions.

- Karin Bodehnitz
- Pascal Struth
- Anna-Magdalena Kolzer
- Beatrice Arenort
- Markus Leffin
- Jörn Rank

AI will become more important.
Recruitment is on the rise in assessments.
Bear part of the change, called E-mobility.
There probably won't be a way around LinkedIn.
You can see the change & progress every week.
